**SCRATCH  
RESISTANT**

**CHEMICAL  
RESISTANT**

**NO FINGER  
PRINTS**

*Acrylic Supermatt Boards* is a product that we created to meet the growing demand for matt products. This product consists of a laminated MDF with a special acrylic supermatt sheet with a thickness of 0.6mm. The product is shipped with a protection foil. The backside of the board is laminated with a PP foil. Upon request, the boards can also be laminated with the supermatt acrylic sheet on both sides. The boards are with dimensions of 2800 by 1300 mm. 6 decors are in stock, more upon request.

The surface of these boards are scratch, chemical, UV and water resistant and leave no fingerprints. Due to the great quality of the supermatt surface, there is a smooth silk touch feeling. One of the great advantages of this surface compared to alternative products is the fact that it leaves no fingerprints. This makes our boards a great alternative to other matt boards.

<b>SURFACE</b>	Acrylic senosan® AM1800TopMatt
<b>BOARD DIMENSIONS</b>	2800x1300 mm
<b>BOARD THICKNESS</b>	16,8 - 18,9 mm (1-sided)   17,2 - 19,4 mm (2-sided)

Graphite Metallic 85688		16,9	18,9	17,4	19,4	0,8/23

Other dimensions, thicknesses, and core materials are available upon customer request.

## ADVANTAGES

### SCRATCH RESISTANT

Scratch resistant to nails and steel wool.  
> 2 N Erichsen DIN 68861/T4. Significantly higher than standard matt surfaces

### CHEMICAL RESISTANT

Surface is chemical and stain resistance making it even applicable in laboratories and hospitals

### NO FINGERPRINTS

No fingerprints. Even if greasy hands leave fingerprints, these can be cleaned easily with a moist cloth

### SMOOTH SILK TOUCH

Excellent supermatt surface quality results in pleasant and smooth silk touch feeling

### UV RESISTANT

Increased UV resistance due to the special thin UV surface on top of PMMA

### WATER RESISTANT

Front and back side of board are both plastic materials which are water resistant

### EASY TO CLEAN

Scratch and chemical resistance of the surface means the board is very easy to clean with common detergents

### BETTER ALTERNATIVE TO LACQUER

Enhanced technical characteristics and superior touch feeling coupled with lower price make it ideal alternative to lacquer

## APPLICATIONS

FRONT ELEMENTS

FURNITURE

INTERIOR DOORS

WALL & CEILING PANELS

## DELIVERY OPTIONS

### 1-SIDED BOARD
